THE 2017 ATTITUDES TO SCHOOLS SURVEY

We want our student to tell us what they think

Our school is conducting a survey to find out what your child thinks of our school. The Attitudes to School Survey is an annual student survey offered by the Department of Education and Training. The survey assists schools in gaining an understanding of students' perceptions and experience of school.

Our school will use the survey results to plan programs and activities to improve your child's schooling experience.

This year the Attitudes to School Survey will be conducted at our school between Monday, May 22 to Friday, June 23, 2017. The survey only takes 20-30 minutes to complete and occurs during your child's class time.

Students from Grades 4 - 6 will participate in the survey. Your child will complete the survey online, using the Education Department's purpose built secure online survey tool. The 2017 survey has been upgraded to include important new measures that are known to influence student engagement and performance. This is the first year Grade 4 students will participate in the survey.

The survey results will be reported back to our school in Term 3 and results are published in our school newsletter.

Students privacy is our priority

Your child will be provided with a unique login to complete the survey. The student login is an assigned identifier that may be used by the Department to combine data for research purposes only. Your child's privacy and the confidentiality of your child's survey responses will be protected at all times. No identifiable personal data is included in the survey response file.

This survey is not a test and your child has the right to refuse or withdraw from the survey at any point before, during, or after completion.

Want to know more?

Please contact me at school if you have any questions about the survey.
