1:1 IPAD COMPUTER PROGRAM GRADE 4, 2017

Monday, February 27, 2017

Dear Parent/Guardian,

We will soon be starting the 1:1 iPad Program for Iramoo students in Grade 4. It was fantastic to see so many parents at the information sessions held last year.

Apple ID

This year we are implementing a new management system for the iPads. This means we can push the Apps your child will need for school to his or her iPad without requiring an Apple ID.

If you **would like** to create an Apple ID for your child at a later date we recommend using Apple's 'Family Sharing' facility. We will provide more information and assistance regarding 'Family Sharing' in due course.

Introduction

During Term 1, staff will be teaching the children correct use of the hardware and software and introducing them to some of the basic Apps. We will also be teaching them how to look after the iPad when they take them home after the 'handover session' later this term or early in Term 2. Specific information about the 'handover' session will be available shortly.

Your child will be using his/her iPad for a wide variety of learning at school and teachers will be setting tasks for children to work on outside of their class time. These will include:

- using the internet for research
- recording and editing sound, photographs and video
- creating media rich presentations.

In order for all of our Grade 4 students to get the most out of this fantastic resource it is very important that the iPads are taken home **every** night to be worked on and recharged.

For this to happen the school requires a parent contribution to the cost of the iPad over the 3 years of the program. This contribution entitles your child to access to his/her iPad 24/7 (excluding the Christmas break), 3 years of technical support, 12 month warranty, all the software required by the school, insurance, and a Survivor Case.

The payment schedule is as follows:

- \$250 in the first year**
- \$100 in the second year**
- \$50 in the third year**

The \$250 payment required for the first year can be made in full or over a number of installments to our office. It is important to note that the iPad cannot go home this year until the initial \$250 payment is received.

Please don't hesitate to contact Lisa Tovey or me at school if you have any questions.

PETER MILLS
ICT CO-ORDINATOR
